Dear Prime Minister Harper,

RE: Boko Haram kidnappings

I am writing in support of any and all efforts that the Canadian government can undertake to assist in the search and prosecution of the Boko Haram and their reign of terror in Nigeria. As a national organization concerned with women's issues, the Canadian Federation of Business and Professional Women, urge you to take immediate action to speak on behalf of women in Canada and around the world.

The Canadian Government must take a stand on behalf of the kidnapped girls and bringing this horrific situation to the world stage. We need to do what we can to address the Nigerian government regarding its shameful handling of events and kidnapping of its most vulnerable citizens.

We must not sit idly by while these atrocities take place and I ask you again, with your fellow Members of Parliament, to urge the government to take action.

Sincerely,
Cara Cote

President
